

CONFIDENTIAL

20 December 1957

GUIDED MISSILE INTELLIGENCE COMMITTEE
Subcommittee for Guidance to Collectors

MINUTES OF MEETING

Room 142, Annex #3
1300 hours, 20 December 1957

MEMBERS PRESENT

Lt Col Raymond B. Holden, USAF, Chairman
Major S. R. Mathews, Army
Mr. Paul J. Martin, Navy

25X1A

CIA

1. The 8th regular meeting of the Subcommittee for Guidance to Collectors was held at 1300 hours on 20 December 1957 in Room 142, Annex #3.
2. The Chairman reported that the sub-launched missile report has now been forwarded formally to GMIC.
3. Further discussion was held regarding the SGC program. It was decided that a comprehensive view of the adequacy of all guided missile collection requirements and guidance statements of GMIC agencies should be undertaken with dispatch in view of the tentative six-month period for which the SGC was originally established. Each agency is to make its material available for SGC review and evaluation and a summary report with recommendations will thereafter be produced.
4. The Chairman agreed to draft an outline format for the proposed report and forward it to the members.
5. The next regular meeting of the SGC will be held in Room 142, Pentagon Annex #3 on 3 January 1957 at 1300 hours.

RAYMOND B. HOLDEN

Lt Colonel, USAF
Chairman, SGC
